

StudentsIdentification of Learners with High Ability

The Board of Education recognizes that the student population includes students with exceptional academic abilities. Efforts to refer and identify learners with high ability will be made at each grade level. Multiple criteria shall be used for identification purposes and identification efforts shall be inclusionary.

The Superintendent or designee shall develop and implement such criteria to identify high ability learners and shall take steps to offer accelerated or differentiated curriculum programs that will address the educational needs of the identified students at levels appropriate for the abilities of those students. The accelerated or differentiated curriculum programs shall meet the standards of quality established by the Nebraska Department of Education.
